

Radiance 4 Candle Rechargeable Votive Instructions:

To Charge: Be sure the ON/OFF switch on all votive candles are in the OFF position

Set candles in the charging base

Insert the AC adaptor cord end into the port on the side of the charging base and plug the AC adaptor into a wall socket. The Lights on top of the charging base will all be **RED** by each candle that requires a charge. After **3-4** hours the Lights will turn to **Green** indicating each Votive is now fully charged.

Do not leave charger plugged in for more than 8 hours. This could affect the overall life of each Votive

Votive Use: Remove Votive from the charging tray and turn switch on votive base to ON. When fully charged with switch in the ON position... 1. Votive will operate continuously for approximately 20 hours. 2. The Votive can be turned on and off manually or with the use of the remote control.

Remote Control Unit: Remove the plastic tab at the base of the remote to activate. Approximate operation range is 0-20 feet.

Timer Functions: With switch in the ON position you can use the remote to select 2,4,6 and 8 Hour timer operations. Note this will repeat automatically every 24 hours until you stop or change the timer mode, either with the remote control or manually by turning the switch on the votive base to off. You may also move the switch to timer which will place the Votive into a built in 6 hour reoccurring timer mode.

Candle/Light Mode: With switch in the ON position, Votive can be placed in a Non-Flicker Light mode or a Flickering Candle mode by using the buttons on the remote.

CAUTION: 1. Only use the provided adaptor to power the charger 2. Do not allow candles or charger to get wet 3. Only charge candles in an open well ventilated area 4. Keep candles and charger away high heat sources 5. These are **NOT** toys, **KEEP AWAY FROM CHILDREN**

THIS PRODUCT IS INTENDED FOR INDOOR USE ONLY. CANDLES MAY BE USED OUTDOORS IN LANTERNS AND VOTIVE HOLDERS ETC., BUT MUST ALWAYS BE PROTECTED FROM HIGH TEMPERATURES AND MOISTURE.

Instructions for care and disposal: Clean charger and candles with a dry cloth. The rechargeable batteries are designed to last for 300+ recharge cycles. When they fail to hold a charge, dispose of them properly, or take them to a recycle center.
